

Pre- & Post-Closing Advisory and Compliance Services

Situation.

A pureplay cosmetic company was purchased by a private equity group with plans to add a new dermatology vertical creating an industry leader nationwide, specializing in laser hair removal and medical aesthetic treatments with multi-state, multiple locations.

Approach.

LBMC was engaged to perform pre-close services to include financial, tax, and coding/compliance/billing due diligence. Post-close, LBMC was engaged to provide an IT solution (PM/EMR) selection and revenue cycle services (payor enrollment, credentialing, billing, AR mgt) in addition to audit/tax compliance work.

Outcome.

LBMC provided back office solutions and audit/tax compliance work to support the overall growth model. The company was enabled to recruit/retain multiple dermatologists to provide a more comprehensive array of services to include general, cosmetic and surgical dermatology services in multiple states.
